

CONSTRUCTION CAPABILITY STATEMENT

**HEAVY SITE WORK • LANDSCAPING • CONCRETE WORK
INFRASTRUCTURE SUPPORT • GENERAL CONTRACTING**

Practical field execution for public, commercial, industrial, and facility-adjacent infrastructure support projects. Coordinated crews, clear access, reliable closeout.

CONSTRUCTION FIELD SUPPORT

SSI supports field projects where heavy site work, landscaping, concrete, infrastructure support, and general contracting need clear coordination with owners, contractors, public access needs, and active facilities.

- **Field Coordination**
Staging + site flow
- **Defined Scope**
Clear field limits
- **Closeout Ready**
Cleanup + handoff
- **Active Sites**
Owner coordination

CONSTRUCTION SCOPE CAPABILITIES

LANDSCAPING & SITE RESTORATION

- Grading and restoration coordination
- Soil, mulch, planting, finish surfaces
- Drainage-aware cleanup and repair

HEAVY SITE WORK & SUPPORT

- Heavy site work and grading support
- Staging, access, and material movement
- Infrastructure support for active properties

CONCRETE WORK & REPAIR

- Sidewalks, pads, curbs, approaches
- Surface repair, patching, forming, finish coordination
- Sequencing with adjacent site work

GENERAL CONTRACTING SUPPORT

- Scope coordination and field activity planning
- Subcontractor and adjacent-trade coordination
- Cleanup and stabilization support

INFRASTRUCTURE SUPPORT

- Facility-adjacent infrastructure scopes
- Owner, contractor, and facility communication
- Active-property field coordination

FINISH, CLEANUP & CLOSEOUT

- Punch-list tracking and cleanup
- Final stabilization and documentation
- Site ready for real-world use

READY TO DISCUSS THIS PROJECT?

Send a short description, photos, and site details. SSI will help define the right scope and next step.
