SSI-CG provides framing, flooring, window and door work for build-outs and renovations. We review plans, existing conditions, measurements, access needs and timing before confirming the project scope.

FRAMING

Framing for build-outs, renovations and layout changes. Coordinate walls and openings to the project plans and existing space.

FLOORING

Flooring installation and replacement, with attention to existing floor conditions, material selection and transitions.

WINDOWS

Window installation and replacement for renovation and improvement projects, based on opening sizes and existing conditions.

DOORS

Door installation and replacement, including coordination of frames, hardware and access requirements.
