SSI-CG supports building automation, construction improvements and intelligent transportation systems (ITS). We coordinate systems, site needs and project scope, with practical documentation and owner handoff.

BUILDING AUTOMATION

BAS and HVAC controls, alarms, trends and schedules. Operator screens, equipment monitoring, secure entry and facility CCTV support building operation.

NAICS 238210 - electrical / low-voltage controls
541512 - systems integration

CONSTRUCTION SERVICES

Framing, flooring, windows and doors for build-outs and renovations. Review plans, existing conditions, access and timing before confirming scope.

INTELLIGENT TRANSPORTATION SYSTEMS

Traffic information and analytics, roadway data, communications and roadside CCTV. Bring data and camera views together for owner and operator use.

NAICS 238210 - wiring / system installation
541512 - systems integration

PROJECT COORDINATION

Define requirements, interfaces and site access. Coordinate the work, document agreed checks and handoff information, and identify follow-up needs.
